QAPITOL QA

Lofty dreams are the norm at Qapitol.

We are constantly striving to expand our horizons and venture into newer spheres. But, what we pride ourselves on is far beyond our achievements and clientele. **What takes center stage at Qapitol is our people.** The ones that are actually making things happen and putting us on the global map.

Quality (is) Everything

People-first work culture is embedded in our DNA.

We would truly go to the moon and back for our Qappios. A work environment that puts you first, let's you take on challenges, supports you while you do, and enables you to chart a career path that you've envisioned for yourself - That's Qapitol for you.

Innovate and break new ground.

We invest in our people and give them the platform and opportunities to solve complex problems. Enabling the most sought-after brands solve critical challenges and go-to-market with products/services that customers obsess over. How does that sound for a JD?

Qapitol at a **glance**

With a **CAGR of 13%** we're one of the **fastest growing enterprises** in the quality engineering and test automation world with a global presence that spans across India, United Kingdom, United States, and Europe.

## Don't take our word for it! Hear from fellow Qappios.

> I had a very good experience throughout the interview process. The team was very warm and welcoming making the interview and onboarding processes very smooth.

Sonam
Software Test Engineer

> It didn't feel like an interview at all! More like a very interactive discussion around the current challenges and how I can contribute to help overcome them.

Shashi
L&D

> The interview process was great because they gave me scenarios that pushed me to think beyond the ordinary. My team lead is super cool and supportive and teammates are very friendly as well, and it's been a great experience so far.

Prasanna Kumar
Senior Software Test Engineer
